Monthly Commercial Report for the month of June 2024

Name of the Mission (Country) : **Algeria**

A. Trade in goods

a) Total trade in goods during : **2023-24**

	Export (US$ Million)	**Import (US$ Million)**	**Status (P) Provisional/(F) Final**
Algeria's trade with India	885 (export to India)	848 (import from India)	F
Algeria's total global trade	54 551	42 677	F (for calendar year 2023)

b) Preferential trade in goods during : NIL

c) Top 10 items of import from India **: 2023-24**

S. No.	**Commodity (6 digit HS tariff line)**	**Value (US$ million)**	**Quantity**	**Unit of Measurement**	**% share in total import of the commodity**
1.	Semi/wholly miled rice w/n polished/glazed 100630	134.45	-	-	-
2.	Other medicine put up for retail sale 300490	38.55	-	-	-
3.	Polyethylene terephthalate: having a viscosity number of 78 ml/g or higher 390761	22.86	-	-	-
4.	Granite merely cut into block/slabs of rectangular (incl sqr) shape 251612	18.05	-	-	-
5.	Boneless meat 020230	15.55	-	-	-
6.	Vaccines for human medicine 300241	15.50	-	-	-
7.	Other mechanical shovels,excavators and shovels loaders 842959	11.34	-	-	-
8.	Textured yarn of polyesters 540233	12.26	-	-	-

9.	Other organic compounds : cefadroxil and its salts, ibuprofane, nifedipine, ranitidine, danes salt of d(-) pheny 294200	10.55	-	-	-
10.	Ball point pens 960810	9.01	-	-	-

d) Top 10 items of export to India **: 2023-24**

S. No.	Commodity (6 digit HS tariff line)	Value (US$ million)	Quantity	Unit
1.	Petroleum Oils And Oils Obtained From Bituminous Minerals Crude 270900	473.80	-	-
2.	Liquified Natural Gas 271111	221.18	-	-
3.	Ground Natural Calcium Phosphates Natural Aluminium Calcium Phosphate And Phosphatic Chalk 251020	114.58	-	-
4.	Saturated Methanol (Methyl Alcohol) 290511	19.82	-	-
5.	Urea Whether Or Not In Aqueous Solution 310210	14.31	-	-
6.	Liquified Butanes 271113	11.99	-	-
7.	Liquified Propane 271112	9.07	-	-
8.	Waste And Scrap Of Unbleached Kraft Paper Or Paperboard Or Corrugated Paper/Paperboard 470710	5.46	-	-
9.	Dates Fresh Or Dried 080410	3.49	-	-
10.	Other, Including Unsorted Waste And Scrap 470790	2.54		

e) Potential products of imports from India

S. No.	**Commodity**	**Rationale**

	(6 digit HS tariff line)	(Max. 200 words)
1.	Parts and accessories of vehicles 870899	Over the past two years, the Algerian government had significantly limited the import of spare parts in order to save exchange reserves and to stimulate local production. Companies importing spare parts into Algeria finally obtained the import authorization from the National Agency for the Promotion of Foreign Trade (Algex) to enable them to import automobile spare parts. Given the aging state of automobiles in Algeria, the demand for auto parts is increasing. India being a manufacturer of auto parts, it has good opportunities for export of these products to Algeria. In 2023-24 India exported spare parts of US$ 6.39 million to Algeria. In 2022, Algeria imported a total value of US$ 410 million of spare parts.
2.	Plastic Masterbatch 320649	Algeria imported plastic products worth US$ 1.8 billion in 2022. These include polymers, plastic tubes and pipes, hoses and fittings, caps, plastic stoppers, tableware, kitchenware and other household articles like toilet articles of plastics and washbasins. Algeria imported plastic products worth US$ 11 million from India in 2022 and in 2023-24, a value of US$ 6.73 million.
3.	Milk Powder 040210	Algeria imports a value of US$ 600 million of milk powder annually. The demand for this product is expected to increase. Algeria continues to be an important destination for dairy products. The total exports of milk powder by India in 2023-24 were of a value of US$ 13.80 million. We may consider exporting milk powder to Algeria.
4.	Pharmaceutical products 30	Algeria imports annually pharmaceutical products of a value of US$ 1.2 billion. India being a leading exporter of these products can increase the share of its market in Algeria. Algeria has started pharma production but still requires APIs and imports annually over one billion dollars of APIs. Local production of Algeria covers 68% of national requirements. India remains a major supplier in the pharma industry for Algeria especially for the import of APIs.
5.	Frozen buffalo meat 020230	Algeria has re-opened its market for the import of frozen meat after several years of restrictions. The Algerian government has introduced a system where the exporting companies have to be shortlisted by the Ministry of Agriculture and Rural Development for the import of frozen buffalo meat to Algeria. Two Indian companies Fair Exports and Allanasons have been chosen by Algeria for the current year. The frozen buffalo meat being imported from India is considered of high quality in Algeria. India may explore more exports of meat to Algeria. Algeria imported a value of US$ 15.55 of frozen buffalo meat from India last year.
6.	Irrigation systems 842482	Algeria imports approximately a value of US$ 66 million of mechanical appliances for projecting, dispersing or spraying water. The water shortage that the country witnessed last winter and the exceptional rise in temperatures in summer are not

		without impact on agricultural yields, which has made Algeria to start thinking on changing the system of farm management by the generalization of supplementary irrigation for crop growing. India exported only US$ 0.02 million of these products to Algeria in 2023-24. Exports from India in this sector may be increased.
7.	Iron and steel 721123	Algeria imports a value of approximately US$ 900 million of iron and steel products annually. These products include iron bars, flat rolled products of iron and alloy steel, iron and alloy steel rods, flat rolled products of stainless steel, wire of iron and alloy steel. As per the the Ministry of Steel of India, steel exports saw 21 % increase in February 2024 over January 2024. On a year-on-year basis, outbound shipments increased by 78 % in February 2024. Therefore, we may consider enhancing exports of iron and steel to Algeria as well.
8.	Granite crude or roughly trimmed 251611	Though Algeria has banned the import of marble in its finished form, it still imports a good quantity of raw granite. Algeria imported a total value of US$ 31 million last year. In 2023-24, India exported a value of US$ 18.05 of crude granite to Algeria. As the construction sector in Algeria is expanding, many Algerian businessmen have been found to be interested to import this product from India. Algerian importers find Indian granite reasonably priced and of better quality.
9.	Stationery 960810 960830 960860 960891 960899	Algeria imports a value of US$ 90 million of stationery items every year. India's global exports of stationery items were US$ 200 million in 2023-24. India exported a value of US$ 11.68 million to Algeria in 2023-24. Many Algerian businessmen are interested to import stationery products from India as Indian products are cost effective and of required quality.

B. QUALITATIVE

1. Market Access Alerts :

a. Alerts on customs tariff changes : **Nil**

b. Alerts on non tariff measures (SPS/TBT import and exporter procedures/restrictions/prohibitions, licensing/STEs etc) : **Nil**

c. Alerts on standards, technical regulations and conformity assessment procedures : **Nil**

d. Alerts on trade defense measures taken by respective country : **Nil**
(safeguards including special safeguard, antidumping, CVD or anti-subsidy)

e. Alert on services, regulatory regime, qualification requirement, licensing procedures, visa regime, barriers etc. **Nil**

2. Feedback

a. Feedback from major Indian Industries/other commercial concerns and Indian trade visitors to Algeria **during the month of June 2024:**

Three Indian companies M/s Prime Yarns, M/s Devika Fibres Pvt. Ltd., and M/s Vineet Polyfab Pvt. Ltd., took part to the 7th Edition of the International Textyle Exhibition 'Texstyle ' from 10 to 12 June 2024 at SAFEX, Algiers. These companies displayed their textile products. The Commercial team of the Embassy visited the exhibition and interacted with the three participating Indian companies.

The Indian company M/s Seizon FIBC LLP, one of the leading manufacturers and suppliers of wide range of flexible intermediate bulk container (FIBC), participated in the 55th Edition of the Algiers International Trade Fair (FIA-2024), from 24 to 29 June 2024 at SAFEX, Algiers.

Mr. Sameer Patel, General Manager of M/s Allanasons Private Limited a company dealing in processing and export of frozen halal boneless buffalo meat and exporting their products to Algeria since 2010 visited Algeria during the month of June 2024 for business.

b. Feedback on major trade activities including logistic events (trade fairs/BSM including Indian participation) **during the month of June 2024**: As in 2 (a) above.

c. Feedback from local commercial visitors to trade fairs in India, including under BSM, Business Visas issued **June 2024:**

S. No.	Activity (trade fair)	Date and venue	Number of participants from Algeria	List of large / key participants from Algeria	Number of Business Visas issued	Feedback received (Max. 200 words)
1.	18th Edition of the Indian Fashion Jewellery & Accessories Show	24-26 June 2024, Greater Noida	1	Mohammed Kaciouasalah	01	No feedback received
2.	71st India International Garment Fair	25-27 June 2024, New Delhi	4	Youcef Bouhoun Hiba Benine Abderrahmane Bahlouli Lotfi Benyahia	04	No feedback received

Number of Business Visas issued during the month of June 2024: 39

3. Trade and Investment :

a. Significant trends in trade and investment (Source : National Office of Statistics, Algeria and Ministry of Commerce and Industry, Department of Commerce, Government of India)

S. No.	Category	Details of significant trends (Max. 200 words)	Analysis (Max. 200 words)

1	Trade in Goods	Despite the import compression measures introduced by Algeria in 2018, Algeria's total imports of goods increased by 4.6% in 2023. The value of these imports reached US$ 42 billion. (Source : National Office of Statistics) India's exports to Algeria for FY 2023-24, increased by 38 %. (Source : Ministry of Commerce and Industry, Department of Commerce) As per the merchandise export target monitoring for 2023-24, India achieved an export target of 130 % in various commodities that include engineering goods (146%), drugs and pharmaceuticals (115%), organic and inorganic chemicals (91%), textiles (215%), electronic goods (89%), cotton yarn, made-ups and handloom products (116%), rice (186%), plastics (127%), marine products (91%), spices (92%), man made yarn and fabrics (121%), meat (330%), leather (280%), ceramic products and glassware (160%), fruits and vegetables (170%), handicrafts (104%), oil seeds (87%), tobacco (120%), tea (367%), coffee (399%), jute and floor covering (52%). (Source : Department of Commerce, Ministry of Commerce and Industry) Algeria's total exports of goods in terms of value decreased by 16.6 % in 2023 because of the decrease of oil prices in the international market (Source : National Office of Statistics) India's total imports from Algeria which consisted mainly of petroleum oils for FY 2023-24 decreased in value by 41 % due the decrease of oil prices in the international market. (Source : Ministry of Commerce and Industry, Department of Commerce)	A growing interest of Algerian businessmen for the Indian products has been observed due to which India's exports have increased in comparison to the past years despite the import compression measures existing in Algeria since 2018.
2	Trade in Services	The Algerian official figures show a growth of 38.9 % in the volume of services imported by Algeria in the 3 rd	There is a big demand in services in Algeria in various

		quarter of 2022 (+1.4% during the same period in 2021), while the export of Algerian services abroad fell by 3.3 % during the same period. (Source El Moudjahid daily, Government newspaper). In 2022, the value of services imported by Algeria was US$ 8 billion. These include services in transport sector (US$ 3.1 billion), services in construction sector (US$ 631 million), services in public administration (US$ 612 million), services in telecommunication (US$ 192 million), financial services (US$ 51 million),	sectors, mainly in the financial, telecommunication and IT as Algeria is able to meet a very small portion of the total domestic services requirement.
3	Investment	Algeria aims to improve the business climate and revive investment. Fot this purpose, Algeria has created the Algerian Investment Promotion Agency (AAPI). AAPI currently has around 7,000 projects launched and registration of 123 foreign investments. In 2024, Algeria signed an agreement with Qatari firm Baladna for launching a project worth US$ 3.5 billion of a powder milk production plant.	The year 2019 saw the partial lifting of the rule 51/49 (51 % of shares to Algerian companies and 49 % of shares to foreign companies) by Algerian Government. The Algerian government is of late laying emphasis on ‘‘Made in Algeria’’ and are inviting investments in the country. Now, a foreigner can own a share of 100% in any activity producing goods and services. However, foreign investors can not hold a share of 100 % in strategic sectors which include mining, oil and gas industry, military industry, transports (railways, ports and aeroports), pharmaceutical industry. The areas of potential investment as listed by the Algerian authorities (Ministry of Industry and Pharmaceutical Production) on their website are as under : -Hydrocarbons -Oil and Gas -Energy and renewable energy -Phosphate, fertilizers and minerals

			- Information and Communication Technology -Public Works and Infrastructure Development -Healthcare -Agricultural sector - Electronics and household items - Electrical vehicles

[Source : El Moudjahid daily]

b. Opportunities for investments/assets on offer/major company divestment :

Investment opportunities in Algeria as listed by the Algerian Ministry of Industry and Pharmaceutical Production

a) Mechanical, aeronautical and naval industries:

Light, utility, transport and industrial vehicles;

Agricultural machinery and public works, building and hydraulic machinery;
Engines, industrial bodies, original equipment parts, and parts intended for industrial maintenance;

Equipment and spare parts for car and tractor engines (starters, transmission components, carburetors, pumps, etc.), radiators for cars and tractors;

Parts, spare parts and equipment for cars and tractors: electrical equipment (dashboards, headlights, etc.), bodywork equipment (fittings, locks, fuel caps, body and seats, windshield wipers, etc.), chassis equipment (steering bodies, springs, shock absorbers, axles, braking bodies, etc.), specialized on-board tools, vehicle seats;

Manufacturing of containers;

Manufacture of public works, civil engineering and earthmoving equipment;

Lifting and handling equipment;

Manufacturing and maintenance of tram trains;

Aviation industry;

Construction of passenger and freight transport vessels (including special boats and tugboats), pleasure and sports boats, trawlers and other fishing boats, various floating devices;

Manufacture of equipment, accessories and inputs used in the naval industry, notably resin, fiberglass and carbon fiber.

b) Electrical, electronic, and household appliance industries:

Electrical and electronic products of all types;

Computers and other IT equipment: printers, scanners, plotters, programmable calculators;

Parts and spare parts;

Large power generators and transformers;

Rectifiers, static converters, capacitors, control relays and other high voltage, medium voltage and low voltage equipment, including their parts and spare parts;

Batteries, batteries for telecommunications systems and solar batteries;

Electrical equipment for the development of intelligent electrical networks;

High efficiency components;

Electrical assemblies and subassemblies;

Manufacturing of integrated motherboards and manufacturing of panels for TVs and microcomputers;

Electronic components intended for industrial maintenance;

Miscellaneous products: cables, wires (bare, insulated), insulators;

Accessories for electrical wires and cables (end boxes, junction boxes, etc.);

Connection accessories.

c) Food industry :

Complexes integrated into strategic sectors: Cereals, livestock feed, oils (oil crops) and sugar (sugar beets);

Production of dry milk, condensed milk and infant milk;

Production of infant foods;

Development of agro-industrial processing sectors;

Promotion of local product processing sectors;

Development of the cultivation and processing of olive oil and valorization of by-products from olive oil;

Development of the food additives industry.

d) Chemical industry

Petrochemical industry;

Any density polyethylene and polypropylene;

Industrial gases;

Ammonia, Urea and Ethyl Alcohol;

Production of paints (industrial paint and coating, intelligent, decorative paints, etc.);

Production of solvents.

e) Materials industry

Building materials with high insulating potential;

Development of eco-construction using organic source construction materials;

Cellulose, paper of all types (wrapping paper, printing paper, cardboard);

Manufacture of refractory brick;

Manufacture of glass, glass fibers, glass wool and processed glass products;

Production of all types of packaging items, in particular packaging intended for agri-food products (metal, plastic and paper);

f) Steel and metallurgical industries:

Steel complexes, foundries, steel mills and rolling mills;

Manufacture of various steel and metallurgical products (welded and seamless steel tubes, bars and profiles in common hot-rolled steels, sheets, strips and strips in common hot-rolled steels, rolling products and cold profiling of steel current, products of wire drawing or drawing of current steel, etc.);

Products from the metallurgy of nickel, silicon, titanium, cobalt, manganese, tungsten (wolfram), molybdenum, chromium;

Metallurgy products of other metals used in ferroalloys and related metals (barium, germanium, etc.);

Transformation and recycling of non-ferrous metals (Aluminium, Copper, Lead, brass alloy).

g) Advanced technology industries

Automatic control and regulation devices for industrial installations (N.C. High frequency and low frequency generators);

Electron microscopes;

Other electrical and electronic measuring and control devices, mechanical testing machines and devices, metrology, hydrology and geophysics instruments and devices, balancing machines, test benches, humidity regulators etc. including parts and spare parts;

Biotechnology;

Robotics;

Nanotechnology.

h) Hydraulics Sector

Construction of new sea water desalination plants with their downstream facilities (connections, recovery stations and autonomous storage tanks);

Interconnection of dams with their transfer systems;

Construction of infrastructure aimed at mobilizing water resources;

Valorization of by-products from desalination stations and the purification and exploitation of underground resources in the Northern Sahara;

Dam drainage;

Equipment for large water pumping stations;

Dam monitoring equipment.

i) Mining Sector

Mining for the discovery of new mineral resources in economically exploitable deposits;

Valorization of mining products.

j) New and renewable energy sector

Production and use of green hydrogen;

Photovoltaic systems: cells, encapsulants, solar inverters, solar batteries, etc.

c. Information on tender Notices for projects and procurements of interest to Indian project exporters/suppliers (US$ 15 million & above) : **Nil**

Tender notices were uploaded on FIEO's trade portal during the month of **June 2024 :**

M/s. SOCOTHYD SPA

- Acquisition of industrial equipment

M/s. ALNAFT

- Acquisition, installation, integration, customization, and commissioning of a WEB PORTAL

M/s. SONATRACH- Direction Centrale Engineering et Project Management- Alger

- Execution of various operations

d. Trade queries from India for imports/exports (if not updated on the Indian trade portal) **June 2024:**

S. No.	Enquiry Originators	Products with HS Codes	Nature (Import/ Export)	Value in US$ million	Action take (max. words)
1	Avon Furniture	19041090 makhan	Export	Not available	Replied
2	Aagman International	94060099 building materials	Export	Not available	Replied
