Angola does not have a separate preferential free trade agreement with India. However, being an LDC country Angola falls in the purview of trade DFTP scheme of India. India has offered the DFTP Scheme to Angola and the matter is being followed up with Angolan side. Angola signed the Africa Free Trade Zone Agreement with AU on 1st February 2021. Presently, Angola has preferential exports agreements with some South African Development Community (SADC) Countries although it is not implemented. Angola is a party to the agreement establishing the Tripartite Free Trade zone between the Common Market for Eastern and Southern Africa (COMESA), the East African Community (EAC), and the Southern African Development Community (SADC) and has ratified it.

4. TRADE AND INVESTMENT:

India is among the top 5 trading partners of Angola, sharing about 10% of Angola's external trade, mainly on account of bulk crude oil purchase by India. The balance of bilateral trade is therefore highly skewed in Angola's favour. India's trade with Angola registered considerable growth early during this decade from US\$ 4.2 billion (2009-2010) to US\$ 7.2 billion (2012-13). Bilateral trade, however, saw a decline thereafter, basically owing to the falling oil prices and in 2015-2016, fell to US\$ 2.8 billion. The trade recovered to an extent and reached US\$ 4.4 billion in 2018-19. The recovery was stalled with the Covid-19 impact, and bilateral trade fell to US\$ 3.9 billion (in 2019-2020) and further down to US\$ 2.1 billion during peak Covid period in 2020-2021. It however recovered to US\$ 3.1 billion in 2021-22 and increased to US\$ 4.2 billion in 2022-2023. The bilateral trade has remained stable in 2023-24 at US\$ 4.1 billion. In the recent financial year period of 2024-25, India-Angola bilateral trade increased to US\$ 5 billion with India imports from Angola US\$ 4.5 billion whereas India exports to Angola showed slight decrease at US\$ 524 million.

Average annual growth rate of exports and imports during the last three years.
