2.	Sreevel Minerals	Mining	-	The Chairman and CEO of the Group Sonarem, Mr. Belkacem Soltani, received a delegation from the Indian company "Sreevel", led by its Managing Director, Mr. Darshan Srinvasan, with whom he examined ways of exploiting and developing high value-added mineral resources. During this meeting, Mr. Soltani reviewed partnership opportunities in several research and development areas, notably the project to relaunch the "Tirek" and "Amesmessa" gold mines, located southwest of the Tamanrasset province, in 2026. He discussed the incentives provided by the new mining law to attract foreign partners, emphasizing the importance that the country's highest authorities place on the development of the mining sector at this stage, within the framework of promoting non-hydrocarbon exports. For its part, the Indian side expressed its willingness to establish a mutually beneficial partnership for the implementation of strategic projects in the field of gold mining and processing, through the transfer of modern technologies and the

				establishment of specialized technical teams capable of using these techniques, particularly in deep underground mining, and the training of Algerian workers in this field. The Indian delegation visited the mining sites in the wilaya of Tamanrasset, as agreed by both parties, to inquire about the current situation, in preparation for further discussions at future meetings and for the development of a roadmap and an implementation plan to realize cooperation on the ground.
